APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing appli-
cation, and do hereby grant the same, subject to the following lim-
itations and conditions:
This permit is issued subject to all prior rights on the stream
system of which this source is a tributary. A standard headgate and
weir must be installed at or near the point of diversion to facilitate
the measurement and control of water. The State reserves the right to
regulate the use of the water herein granted at any and all times.
The amount of water to be appropriated shall be limited to the
amount which can be applied to beneficial use, and not to exceed
Two & 25/100 cubic feet per second. (2.25)
Actual construction work shall begin on or before May 5, 1916.
Proof of commencement of work shall be filed before June 5, 1916.
Work must be prosecuted with reasonable diligence and be completed
on or before May 5, 1917.
Application of water to beneficial use shall be made on or before
May 5, 1921. Proof of the application of water to beneficial
use must be filed with State Engineer on or before June 5, 1921.
WITNESS MY HAND AND SEAL this 5th, day
eroof of completion of work filed. APR 10 1917 of January, 1916.
applicant to couply with provisions of permit.
